B E A U T Y

THE BENEFICIAL ACTION OF ANCIENT ROMAN SPAS

In their famous charcoal-heated spas, the ancient Romans used sophisticated thermo-hydraulic technology to channel hot water and irradiate steam and heat through the spas' floors and walls.

They knew that the administration of suitable quantities of heat at various humidity levels produced surprising health benefits as well as an overall sensation of well-being and relaxation.

To reach these results, the Romans designed complex architectural structures consisting of various halls laid out in a specifically effective sequence.

Starpool's Raxul cabin recreates in sequence all of the bio-climatological stages of the ancient Roman spa in a single room.

Starpool renews and perfects the Ancient Roman Spa ritual by developing a total wellness concept through its Newera range of emotional cosmetics which amplify the good vibes generated by the Raxul cabin.

RAXUL

THE STARPOOL TOTAL WELLNESS TECHNOLOGY & PHILOSOPHY

In the Raxul cabin, Starpool technology has harnessed heat and water to provide the three basic spa functions: warm bath, steam bath and Roman bath.

The Newera range of emotional cosmetics, combined with the manual skills of the beautician, complete the Raxul cabin experience with three programmed cycles: Raxul (the Mud ritual), Essentia (the Essences ritual) and Thalasso (the Tides ritual).

The wellness system is total because it involves all five senses:

HEARING: each Raxul cabin is fitted with a hi-fi stereo system playing relaxing ambiance music.

SMELL: a mix of essences and aromas inebriate the mind and the spirit.

SIGHT: optical fibres provide changing colours inside the cabin, to highlight the different stages of the treatment.

TOUCH: stone and other natural materials caress the body.

TASTE: the treatments are accompanied by delectable thirst-quenching herbal teas.

SPACE IS RELATIVE

Space, form, functionality, reliability and simplicity are the key concepts that inspired the team of Starpool technicians and experts in designing the multipurpose Raxul cabin.

This extraordinarily versatile, easy to use and multifunctional Raxul cabin, with its highly reliable components and materials, allows you to offer your clients a high quality Spa service.

THE STARPOOL SPACE FORMULA:
 $6 \text{ M}^2 = \text{RAXUL}$

RAXUL CYCLE

The Mud ritual

25 MINUTES

Various kinds of mud packs are applied to the entire body and allowed to dry by raising the temperature (dry absorption). Steam is then introduced to once again humidify the mud product (absorption by osmosis). Lastly, a tropical rain scented with Starpool's MARACUJA Essence comes into contact first with the product and then with the body (absorption by synergy), resulting in a gentle detoxinating and moisturising action on the deeper skin layers.

PHASE 1

PRE-CABIN

Before entering the cabin, the client is offered a Newera ARMONIA Herbal Tea.

PHASE 2

CABIN PEELING

The client then enters the cabin.

Inside the cabin, the beautician can perform the following treatments:

- Peeling with Newera APPLE Scrub: a facial and body massage using about 60 g of APPLE Scrub, until the creamy part is fully absorbed.
- Peeling with Newera GRAPE Scrub: a facial and body massage using about 60 g of GRAPE Scrub until the creamy part is fully absorbed.
- Peeling with Newera WHITE MUSK Dead Sea Salt: a facial and body massage using about 60 g of WHITE MUSK Dead Sea Salt enriched with about 20 g of Newera WHITE MUSK Oil.
- Peeling with Newera SPICE Dead Sea Salt: a facial and body massage using about 60 g of SPICE Dead Sea Salt enriched with about 20 g of Newera SPICE Oil.

PHASE 3

CABIN TREATMENT

WARM BATH (see) YELLOW LIGHT ⌚ 3 MINUTES

In this phase, the beautician can perform the following treatments:

- Newera APPLE Pack: about 120 g of APPLE Pack is applied with a brush to the face and body, on top of the APPLE Scrub, and left on.
- Newera GRAPE Pack: about 120 g of GRAPE Pack is applied with a brush to the face and body, on top of the APPLE Scrub, and left on.
- Newera Mud Pack: about 40 g of the Newera WHITE Mud is applied with a brush to the face, neck and neckline, and about 80 g of Newera DEAD SEA Mud to the rest of the body, on top of the WHITE MUSK Dead Sea Salt and respectively the SPICE Dead Sea Salt, and left on.
- Newera CHOCOLATE Mousse: about 120 g of CHOCOLATE Mousse are dissolved inside the special CHOCOLATE HEATER, with the addition of about 30 ml of Newera CHOCOLATE Oil. The mixture is then applied to the face and body and left on.

ROMAN BATH (see) RED LIGHT ⌚ 11 MINUTES

STEAM BATH (see) GREEN LIGHT ⌚ 10 MINUTES

Unscented steam vapours are released to humidify the previously dried mud or other packs.

TROPICAL RAIN ORANGE LIGHT ⌚ 1 MINUTE

Warm shower at 37°C, scented with Starpool's MARACUJA Essence.

PHASE 4

CABIN SHOWER

FINAL SHOWER the white light is switched on.

The client takes a shower without using soaps or shower gels.

In the case of the CHOCOLATE treatment, the client uses the Newera CHOCOLATE Scrub (about 50 g) to help remove the mud pack.

PHASE 5

POST-CABIN

The client is offered a warm Newera ARMONIA Herbal Tea, or a juice, in order to replace the body fluids lost through perspiration.

PHASE 6

RELAXATION

At the end of the treatment the beautician makes sure that the client is fully covered with a bathrobe, sheet or blanket and invites him/her to rest in a chaise-longue in the relaxation area for at least 10 minutes.

PHASE 7

MASSAGE

After the relaxation phase, the treatment can be completed in one of the following ways:

- A massage with the Newera APPLE, Newera GRAPE, Newera SPICE, Newera WHITE MUSK or Newera CHOCOLATE oil, according to the kind of treatment.
- Alternatively, a bath in a tub or Jacuzzi for 15-20 minutes, with the addition about 30 g of Newera WHITE MUSK Dead Sea Salt or Newera SPICE Dead Sea Salt.
- Home care treatment: 200 ml Newera WHITE MUSK Body Cream, 200 ml Newera MYRRH Body Cream and 200 ml Newera CHOCOLATE Body Cream.

ESSENTHIA CYCLE

The Essences ritual

23 MINUTES

This cycle offers hot steam scented with Starpool's EUCALYPTUS Essence alternated with fresh Aufguss-effect mists that not only improves respiratory functions but also fosters general detoxination by helping the body flush out toxins.

PHASE 1

PRE-CABIN

Before entering the cabin, the client is offered a Newera ARMONIA Herbal Tea.

PHASE 2

CABIN PEELING

The client then enters the cabin.

In this phase, the beautician can perform the following treatments:

- Peeling with the Newera APPLE Scrub: a facial and body massage using about 60 g of APPLE Scrub, until the creamy part is fully absorbed.
- Peeling with the Newera GRAPE Scrub: a facial and body massage using about 60 g of GRAPE Scrub, until the creamy part is fully absorbed.
- Peeling with the Newera WHITE MUSK Dead Sea Salt: a facial and body massage using about 60 g of WHITE MUSK Dead Sea Salt, enriched with about 20 g of Newera WHITE MUSK Oil.
- Peeling with Newera SPICE Dead Sea Salt: a facial and body massage using about 60 g of SPICE Dead Sea Salt, enriched with about 20 g of Newera SPICE Oil.
- Peeling with Newera CHOCOLATE Scrub: a facial and body massage using about 60 g of CHOCOLATE Scrub.
- Peeling with Newera HONEY and SALT Scrub: about 60 g of HONEY and SALT Scrub are applied with damp hands to the face and body.

PHASE 3

CABIN TREATMENT

WARM BATH (see) YELLOW LIGHT ⌚ 3 MINUTES

STEAM BATH (see) GREEN LIGHT ⌚ 4 MINUTES

Vapour spurts scented with Starpool's EUCALYPTUS Essence.

COLD MIST BLUE LIGHT ⌚ 1 MINUTE

Fresh mist shower at 10°C .

The **STEAM BATH** and **COLD MIST** functions are repeated for another 3 times.

PHASE 4

CABIN SHOWER

FINAL SHOWER the white light is switched on.

The client takes a shower without using soaps or shower gels.

PHASE 5

POST-CABIN

The client is offered a warm Newera ARMONIA Herbal Tea, or a juice, in order to replace the body fluids lost through perspiration.

PHASE 6

RELAXATION

At the end of the treatment the beautician makes sure that the client is fully covered with a bathrobe, sheet or blanket and invites him/her to rest in a chaise-longue in the relaxation area for at least 10 minutes.

PHASE 7

MASSAGE

After the relaxation phase, the treatment can be completed in one of the following ways:

- A massage with the Newera APPLE, Newera GRAPE, Newera WHITE MUSK, Newera SPICE, Newera CHOCOLATE or Newera HONEY oil, according to the kind of treatment.
- Alternatively, a bath in a tub or Jacuzzi for 15-20 minutes, with the addition of about 30 g of Newera WHITE MUSK Dead Sea Salt or Newera SPICE Dead Sea Salt.
- Home care treatment: 200 ml Newera WHITE MUSK Body Cream, 200 ml Newera MYRRH Body Cream and 200 ml Newera CHOCOLATE Body Cream.

THALASSO CYCLE

The Tides ritual

29 MINUTES

This cycle begins with the preparation of the skin with steam, alternated with spurts of Starpool SALINE SOLUTION and air mixed with Starpool EUCALYPTUS essence. The cycle ends with a fresh reaction mist. The result of this cycle is an ideal synergy between pore dilation and salt absorption.

PHASE 1

PRE-CABIN

Before entering the cabin, the client is offered a Newera ARMONIA Herbal Tea.

PHASE 2

CABIN PEELING

The client then enters the cabin.

In this phase, the beautician can perform the following treatments:

- Peeling with the Newera WHITE MUSK Dead Sea Salt: a facial and body massage using about 60 g of WHITE MUSK Dead Sea Salt, enriched with about 20 g of Newera WHITE MUSK Oil.
- Peeling with Newera SPICE Dead Sea Salt: a facial and body massage using about 60 g of SPICE Dead Sea Salt, enriched with about 20 g of Newera SPICE Oil.
- Peeling with Newera HONEY and SALT Scrub: about 60 g of HONEY and SALT Scrub are applied with damp hands to the face and body.

PHASE 3

CABIN TREATMENT

▼ **WARM BATH** (see) YELLOW LIGHT ⌚ 3 MINUTES

▼ **STEAM BATH** (see) GREEN LIGHT ⌚ 8 MINUTES

▼ Unscented vapours spurts.

▼ **THALASSO** BLUE LIGHT ⌚ 40 SECONDS

Ambient at 45°C, Starpool SALINE SOLUTION and air enriched with Starpool EUCALYPTUS Essence.

▼ **STEAM BATH** (see) GREEN LIGHT ⌚ 3,5 MINUTES

▼ **THALASSO** BLUE LIGHT ⌚ 40 SECONDES

▼ The **STEAM BATH** and **THALASSO** functions are repeated for another 3 times.

PHASE 4

CABIN SHOWER

▼ **FINAL SHOWER** the white light is switched on.

▼ The client takes a shower without using soaps or shower gels.

PHASE 5

POST-CABIN

The client is offered a warm Newera ARMONIA Herbal Tea, or a juice, in order to replace the body fluids lost through perspiration.

PHASE 6

RELAXATION

At the end of the treatment the beautician makes sure that the client is fully covered with a bathrobe, sheet or blanket and invites him/her to rest in a chaise-longue in the relaxation area for at least 10 minutes.

PHASE 7

MASSAGE

After the relaxation phase, the treatment can be completed in one of the following ways:

- A massage with the Newera WHITE MUSK, Newera SPICE, Newera GRAPE, Newera APPLE, Newera HONEY or Newera CHOCOLATE oil, according to the kind of treatment.
- Alternatively, a bath in a tub or Jacuzzi for 15-20 minutes, with the addition of about 30 g of Newera WHITE MUSK Dead Sea Salt or Newera SPICE Dead Sea Salt.
- Home care treatment: 200 ml Newera WHITE MUSK Body Cream, 200 ml Newera MYRRH Body Cream and 200 ml Newera CHOCOLATE Body Cream.

DESIGN & FUNCTIONS

BASIC FUNCTIONS

WARM BATH

BENCH AND WALLS 39°C
AMBIENT 35°C
NATURAL HUMIDITY
YELLOW LIGHT

Regenerating and relaxing bath.
An ideal way to help strengthen the immune system, ensuring general prevention and regeneration of the body. The environment artificially creates a feverish condition, which leads to a natural increase of excess fat metabolism.

STEAM BATH

BENCH 39°C
AMBIENT 45°C
HUMIDITY 100%
GREEN LIGHT

Turkish bath with heated benches.
The steam helps regulate the skin's pH level and leaves it hydrated and cleansed. Recommended for improving the respiratory functions.

ROMAN BATH

BENCH 37°C
WALLS 60°C
AMBIENT 55°C
NATURAL HUMIDITY
RED LIGHT

Ancient Roman sauna with heated benches and walls.
Intense perspiration results in general detoxination of the body through the flushing out of toxins.

HARMONISED TREATMENTS

RAXUL CYCLE

The Mud Ritual

 25 MIN.

Various kinds of mud packs are applied to the entire body and allowed to dry by raising the temperature (dry absorption). Steam is then introduced to once again humidify the mud product (absorption by osmosis). Lastly, a tropical rain scented with Starpool's MARACUJA Essence comes into contact first with the product and then with the body (absorption by synergy), resulting in a gentle detoxinating and moisturising action on the deeper skin layers.

ESSENTHIA CYCLE

The Essences Ritual

 23 MIN.

This cycle offers hot steam scented with Starpool's EUCALYPTUS Essence alternated with fresh Aufguss-effect mists that not only improves respiratory functions but also fosters general detoxination by helping the body flush out toxins.

THALASSO CYCLE

The Tides Ritual

 29 MIN.

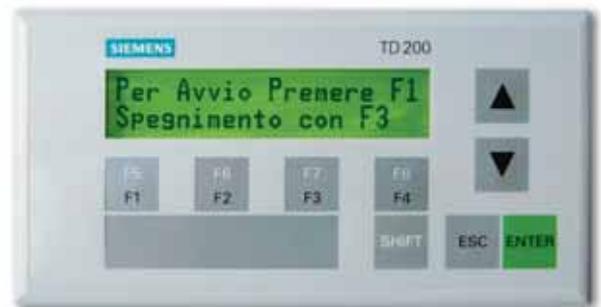

This cycle begins with the preparation of the skin with steam, alternated with spurts of Starpool SALINE SOLUTION and air mixed with Starpool EUCALYPTUS essence. The cycle ends with a fresh reaction mist. The result of this cycle is an ideal synergy between pore dilation and salt absorption.

SIMPLICITY, RELIABILITY AND VERSATILITY

The development of the Beauty cabins has enabled the achievement of extraordinary levels of quality featuring user friendly operation and simple maintenance.

The basic functions – warm bath, steam bath and Roman bath – may be activated at any time according to the requirements of the various beauty treatments.

Moreover, the three programmed harmonized treatments allow automatic management of all treatment phases.

NATURAL ELEMENTS

Stone, steel, wood and glass are all skilfully brought together to give life to an object of extraordinary design.

Natural materials which, with the complicity of water and heat, generate feelings of timeless pleasure and serenity.

The high-quality stone used to line the interior of the cabin possesses qualities of compactness, low porosity and high refractive power, thus ensuring low absorption of the vapours and high heat performance during the treatments.

Wall lining: Belgium Blue marble, with its inimitable blue colour.

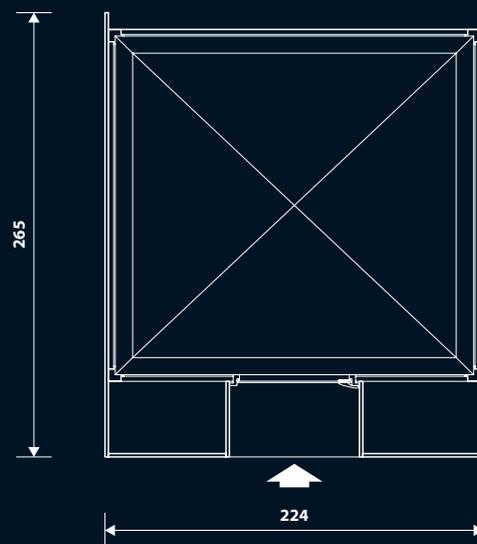

Seats: Botticino marble, with extraordinary amber-coloured veining.
